Leaf area, Jan 2005

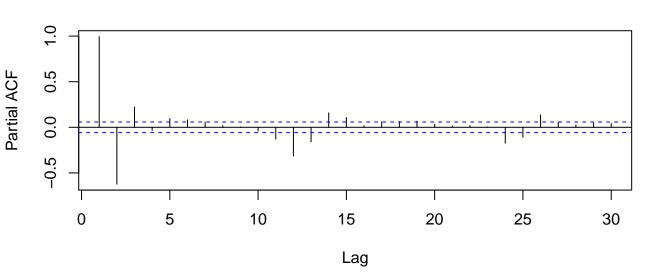

## Single location sub-Saharan African tree cover over a century

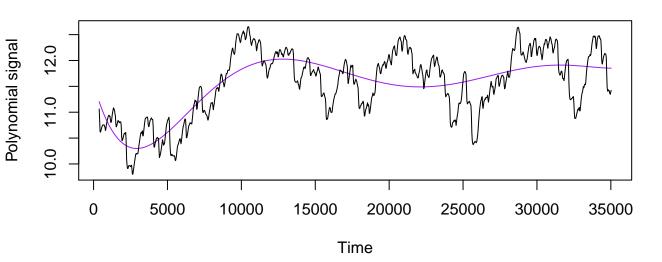

# Raw data (ACF)

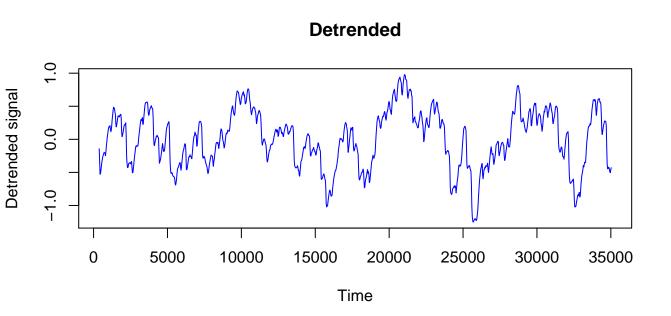

# Raw data (PACF)

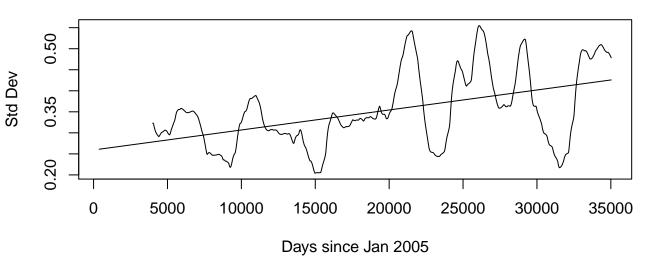

### **Polynomial trend**

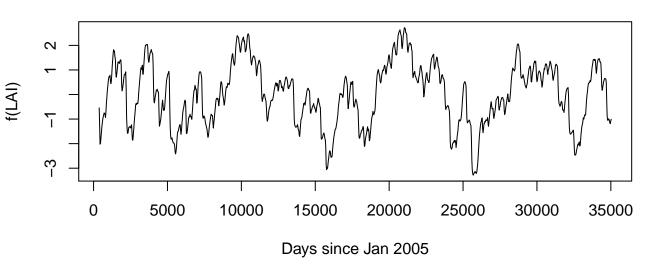

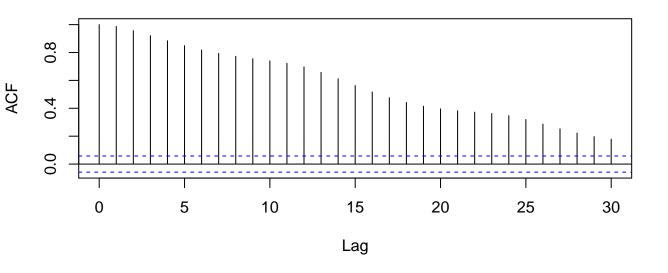

### Running standard deviation 10 year window

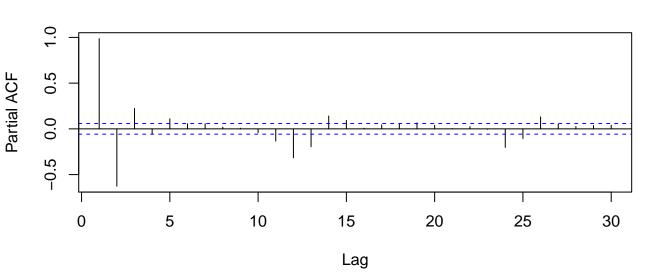

#### Detrended obsv with stdzd SD

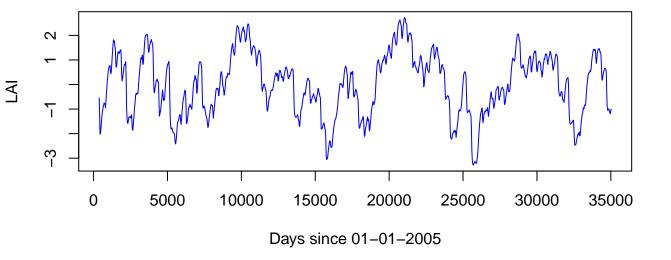

## **Detrended data (ACF)**

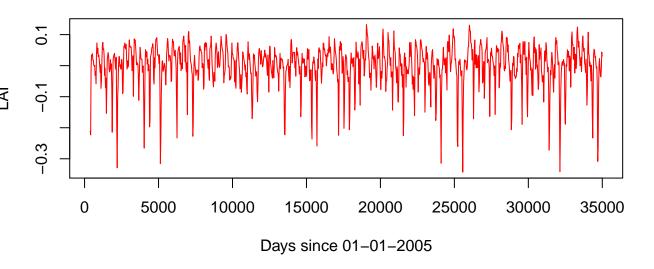

# **Detrended data (PACF)**

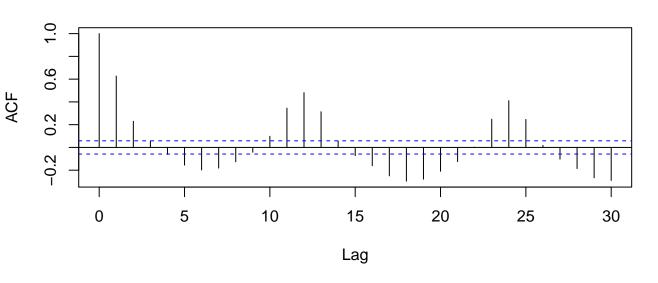

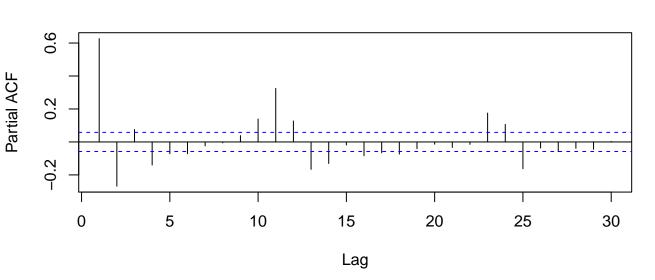

#### **Differenced**

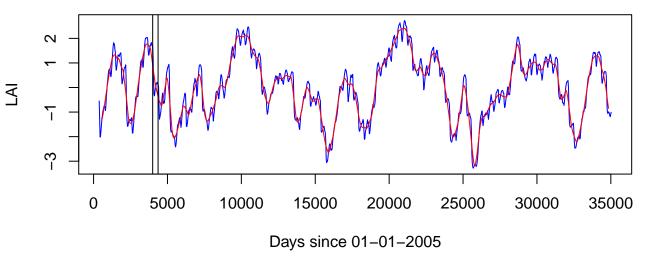

## Differenced data (ACF)

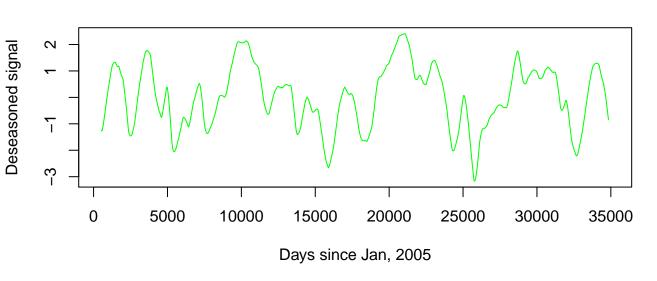

# Differenced data (PACF)

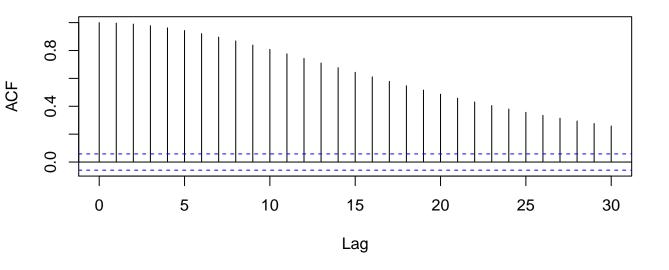

#### Moving average seasonality (filter.width=1yr)

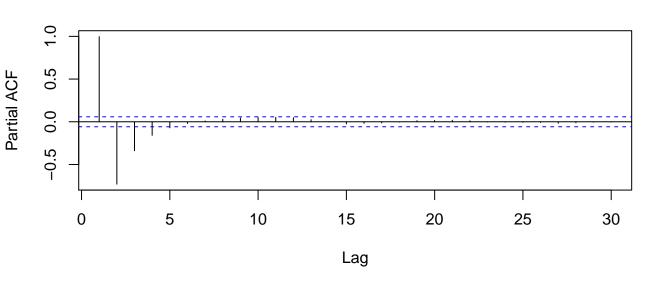

#### **Deseasoned LAI**

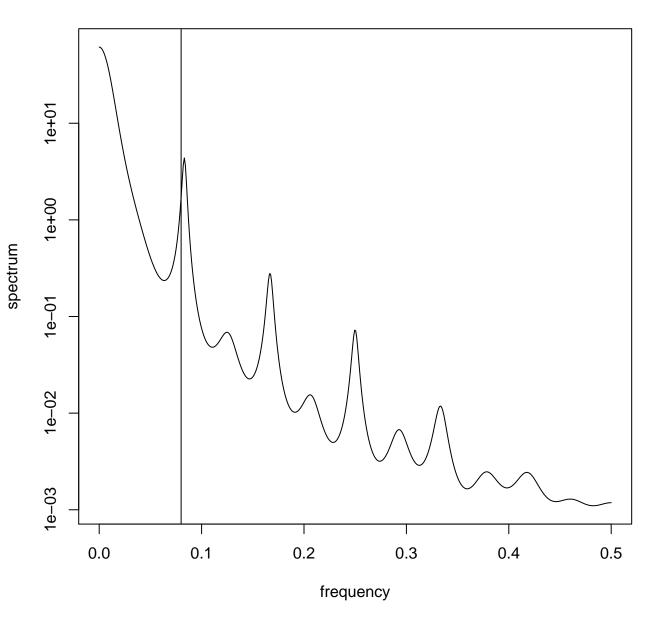

## Series na.omit(d.af.deseas)

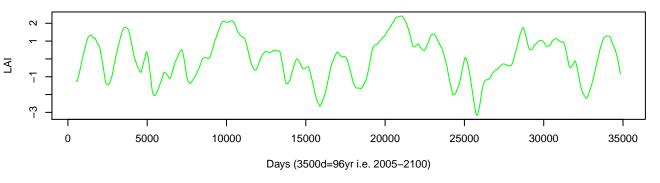

## Series na.omit(d.af.deseas)

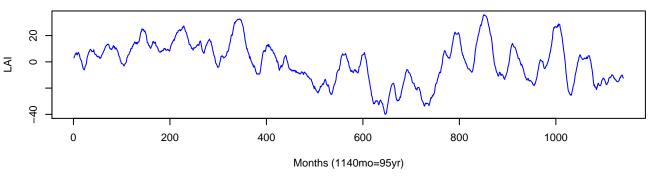

# Spectrum of AR(27) ~ detrended

#### Simulated from AR(4) ~ deseasoned

#### Spectral density of AR(4)
